### Thoughts on Day 3:

After coming oh so close at winning yesterday, Pete Staff was the ONLY person who took my hint and picked BC to beat AB in the morning. Not only that, but he wagered a high sum of 6 points on the game too. He was also only one of three people to know when not to take my hint and correctly pick QC beating BC in the evening draw. Way to go picking against the masses Pete. With that point gain, Pete has taken a slim temporary lead half-way through.

There are 26 entries this year. That means the total pot is \$520 this year.

The total available every day is  $\$31.20 \times 6 = \$187.20$

- First overall will get \$130.00
- Second overall will get \$78.00
- Third overall will get \$52.00
- Fourth overall will get \$41.60
- Fifth overall will get \$31.20

Remember, there will be no tie-breakers, the pots will be split evenly
