Thoughts on Day 4:

This was a day where there were an unusual amount of upsets that happened according to the pools. A lot of large point games were missed. Congratulations to Dick Dickson who becomes the first person to win on multiple day after his fine choice of teams and wagers. Wednesday will be the day that seperation will occur as the stronger teams play the stronger teams and the weaker teams will play the weaker teams. Does Dick have another fine day in him, or does somebody else.

There are 26 entries this year. That means the total pot is \$520 this year.

The total available every day is $\$31.20 \times 6 = \187.20

- First overall will get \$130.00
- Second overall will get \$78.00
- Third overall will get \$52.00
- Fourth overall will get \$41.60
- Fifth overall will get \$31.20

Remember, there will be no tie-breakers, the pots will be split evenly
